New Distribution Center in Kansas City

**Future Graphics Increases Service Levels and Cuts Delivery Times with
35,000 sq. ft. Facility**

Los Angeles, CA -- Future Graphics continues its rapid expansion with a new 35,000 sq. ft. state-of-the-art warehouse and distribution center, strategically located and 5 times the size of the Texas operation it is replacing. With OEMs releasing new products ever more frequently, FG is now positioned to stock larger volumes of high-quality FG products for speedy delivery throughout the Midwestern U.S., providing unrivalled service to our customers.

Future Graphics, your single-source supplier, now offers North American customers the widest selection of quality products and the timeliest delivery of any distributor in the industry with distribution facilities in Kansas City, New York, Miami, Los Angeles and Toronto.

Due to the opening of the more centrally-located facility in Kansas City, Future Graphics will stop shipping from Dallas, though the Dallas office will remain as a sales office for local convenience.

A leading global distributor of imaging supplies, Future Graphics provides a full line of components, replacement parts and compatible replacement chip technology for remanufacturing laser and inkjet printer, fax and copier cartridges as well as innovative production equipment for remanufacturers of all sizes. The company, which features five North American distribution centers and eleven internationally, also offers print auditing software, OEM ink jets, high quality photo paper and a complete line of remanufactured and compatible ink jet cartridges, thermal replacement cartridges/ribbons and compatible replacement solid ink and toner cartridges for Xerox® Phaser™ printers.

For more information about this product line visit the Future Graphics website at www.futuregraphicsllc.com or email us at info@futuregraphicsllc.com or contact Future Graphics Los Angeles, California (Corporate Office) at (US) 800.394.9900 (Int'l) +01 (818) 837-8100; Atlanta, Georgia at (877) 676-4223; Dallas, Texas at (877) 499-4989; Miami, Florida at (800) 595-4297; Long Island, New York at (800) 431-7884; Toronto, Canada at (877) 848-0818; Buenos Aires, Argentina 0810-444-2656; Melbourne, Australia (03) 9561-8102; Sydney, Australia (02) 9648-2630; or Montevideo, Uruguay (02) 902.2001.
